

Acceptable Sources for QuoVadis Authentication of Identity

Effective Date: 22 June 2023

Version: 1.3

Important Note About this Document

This document provides the *Acceptable Sources for QuoVadis Authentication of Identity* of QuoVadis, a company of DigiCert, Inc. It contains an overview of the approved sources of evidence accepted in QuoVadis identity verification procedures

This document is subject to amendment and change in accordance with the policies and practices described in the relevant QuoVadis Certificate Policy/Certification Practice Statement (CP/CPS).

The date on which this version becomes effective is indicated on this document. The most recent effective copy of this document supersedes all previous versions. No provision is made for different versions of this document to remain in effect at the same time. In the event of any inconsistency between this document and the normative provisions of the relevant CP/CPS, when those applicable requirements take precedence over this document.

In the case of discrepancies between identity attributes obtained from identity documents and from other evidence, identity documents override attestations and other supplemental evidence. QuoVadis will document the decision made and provide signoff by a second registration agent.

The following identity documents are accepted in QuoVadis identity proofing procedures for Advanced, Advanced+, and Qualified Certificate Classes. Identity documents accepted by QuoVadis must be valid at the time of proofing.

QuoVadis accepts national passports and ID cards for validation methods relying upon physical presence (as described in section 3.2.3.1 of the relevant QuoVadis CP/CPS), and for RIV methods used for AATL Certificates.

For eIDAS Qualified Certificates, Applicants using RIV3 or RIV4 (as described in the section 3.2.3.2 of the relevant QuoVadis CP/CPS) must use an NFC-enabled identity document and an NFC-capable device.

For some Certificate types and validation methods, the following restrictions apply.

Country Name	ISO	eIDAS for RIV methods		ZertES, for all methods	
		Passport	ID card	Passport	ID card
